

TREVOSE MAN IS SENTENCED TO A TERM IN PRISON

E. Miles Wells, 42, Pleads Guilty To Fraudulent Conversion Charge

IN TROUBLE LONG TIME

Leroy Lank, Langhorne R. D., Guilty of Hit-Run Charge

DOYLESTOWN, Dec. 1 — Pleading guilty to a charge of fraudulent conversion and obtaining money under false pretense, E. Miles Wells, 42, of Trevoze, was sentenced to pay a fine of \$1, costs of the case, and to serve from eight to 24 months in the county prison.

Wells, a draftsman, has been in trouble since 1949, and was arrested Sept. 15th.

He is said to have obtained \$75 from Antonio Martinez, Trevoze Heights barber, on the grounds that he could obtain barber equipment for him, but has made restitution.

Testifying that gambling debts made him do what he did, Wells, who was employed as a draftsman in Trevoze, served time in the Holmesburg Prison for a similar offense.

"You are what is known as a 'con man' or smoothie and the Court has very little sympathy for you," said President Judge Keller, who said he would not give him a "break" because it was not his first offense.

Wells testified that Haddonfield, N. J., was his home.

Raymond Jennings, 18, 706 State rd., Croydon who pleaded guilty to receiving stolen goods, which was a stolen inspection automobile sticker was sentenced by Judge Edward G. Biester to pay a fine of \$25 and the costs of prosecution.

The defendant, who was arrested Aug. 30 by a Bristol police officer, John Dugan, was given a suspended prison sentence of one year and placed on probation for that time. He denied that he stole the sticker or that he knew that it was stolen, but explained that he "traded" cars and some boy brought the sticker to him.

"Saturday's Hero" Will Open at Grand

John Derek has what is reported to be the biggest role of his career in "Saturday's Hero," Sidney Buchman's production for Columbia Pictures, which will open Sunday at the Grand Theatre. Donna Reed stars with Derek in what is considered the first picture ever to tell the truth about bigtime college football.

U. S. Senator J. William Fulbright of Arkansas, former president of the University of Arkansas, has said of "Saturday's Hero" that it is "a graphic portrayal of shocking practices as I know them."

One of the most popular stars in Hollywood since his meteoric leap to fame in "Knock On Any Door," Derek appears as a star high school athlete. Hoping to rise above his family's social status, Derek eagerly agrees to an offer to play football for a tradition-bound college. He is quickly disillusioned.

PEACE TALKS

By Howard Handleman

Far Eastern Director, INS

MUNSAN, Korea, Dec. 1 — (INS) — The Communists today rejected an Allied "take it or leave it" plan for supervision of a proposed armistice in Korea and the UN delegation reported "absolutely no progress" was made at the day's truce session.

In rejecting the Allied proposal for post-armistice inspection of troops by both sides, Gen. Nam Il, chief Red truce delegate, charged that the Allies want to build up their own forces in Korea and interfere with and threaten the Communists in North Korea.

EIGHTH ARMY HEADQUARTERS, Korea, Dec. 1 — (INS) — Allied pilots shot up five Russian-made MIG jets today in the sixth consecutive day of air battles over northwest Korea.

U. S. Fifth Air Force Headquarters reported that American shooting stars damaged three MIGs and Australian Meteors possibly destroyed two more enemy planes.

This ran the two-day Allied score to 20 enemy planes destroyed or damaged.

The new air combat broke out shortly after the Communists warned that they plan to increase their efforts to gain air supremacy in Korea.

EARMARK 4 OF HOUSES, PRODUCTION WORKERS

And for Military Families in Critical Defense Centers of Country

800,000 UNITS IN 1952

By William Kerwin

(I. N. S. Staff Correspondent)

WASHINGTON, Dec. 1 — (INS) — The Government is earmarking one out of every four new homes produced in 1952 for production workers and military families living in critical defense centers hard hit by housing shortages.

Housing and home finance agency officials figure the nation's building industry will turn out about 800,000 new apartments and houses next year and more than 200,000 are being tagged for defense purposes.

HHFA's housing blueprint may crimp the plans of some non-defense home buyers but industry and government officials feel that it will go a long way toward cleaning up serious problems in overcrowded defense areas.

Defense home building has lagged seriously in recent months causing much criticism and concern. Now, however, the program is set up for full-scale operation and a substantial boost in output is predicted for December.

Top HHFA officials say the rise in defense housing will be fairly large yet modest when compared with ever-increasing production in subsequent weeks.

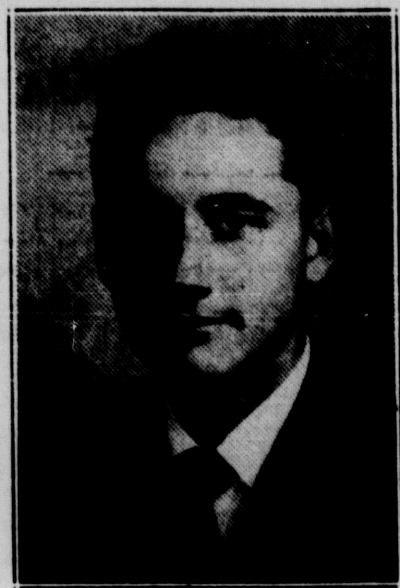

By the first of the year, some 200

"GROOM SAID NO" IS ROLICKING ROMANCE

Bensalem Play is Eagerly Awaited by Residents of This Area

ON DEC. 6TH AND 7TH

CORNWELLS HEIGHTS, Dec. 1

—This year's thespian performance, to be presented in Bensalem township high school, on Dec. 6th and 7th, at 8:15 p. m., is the rollicking romance entitled "The Groom Said No." The play, given by the class of 1952, promises to be an enjoyable one.

It concerns the Cameron family which is all in a "dither," for their son, Steve, has just come home after two years in the South Pacific. He does not find, however, the calm, quiet atmosphere he has so often dreamed of. Steve's most perplexing and immediate problem is when he discovers that his mother, and Clara, the girl he left behind (daughter of his mother's bosom friend) have made all arrangements for immediate marriage of the couple.

The truth of the matter is that Steve, during his absence, has fallen in love with Lt. Shirley Anderson, a navy nurse. By pretending a sudden illness, Steve succeeds in getting Nurse Anderson to come to his home to take care of him, and the events which follow, involving Steve, Nurse Anderson, Clara, and for that matter, everyone in the Cameron household, well—it will be necessary to see the play to discover what happens.

The cast includes: Mrs. Inez Cameron, Frances Christensen; Fatty Cameron, Dorothy Bingham; Virgie Cameron, Joyce Brady; Steve Cameron, William Reyer; Will Cameron, Harry Robinson; Mrs. Sorenson, Phyllis Cannon; Willie Williams, Robert MacKenzie; Mary Alice Smith, Lois Roesechen; Clara Curtis, Delores Graziosa; Lt. A Good Guess!

(By "The Stroller") In the future, Mrs. Alfred Woolman, of Hulmeville, plans to personally open every envelope she sees lying on the streets.

Several days ago, as she and others in her family, were en route to dinner out of town, Mrs. Woolman noticed old newspapers, and bits of trash scattered along a sidewalk. Among the wind-blown articles was an envelope.

After passing it by, she turned to her son-in-law, Robert Phengner, remarking: "Bob, you better pick up that envelope. It might contain \$100."

Phengner did, and it did! The \$100 was in check form, and the author of the check asked Phengner when the latter contacted him by telephone, to destroy it. The owner, a resident of Willow Grove, had been under the impression he had mailed the letter.

All public, private and parochial schools in the Bristol area are invited to send news items for publication in this column which appears frequently.

Pennsbury District

An informal Christmas dance has been planned by the Senior Class to take place Friday evening, December 28, in the Makefield Auditorium, between 8:30 and 11:30 p. m.

The dance was added to the class calendar of social events the past week, in order to provide the college-going alumni an opportunity to gather in reunion during the holidays.

No orchestra has yet been selected for the affair, nor have any committee selections been made.

An innovation in the athletic offerings of Pennsbury High School, this year is the scheduling of a swimming program for boys and girls. The program makes use of the Trenton Y.W.C.A. and the Trenton Y.M.C.A. pools on Mondays and Thursdays of each week after school until 4:30 p. m. Transportation for the interested students will be provided both to and from the pools, beginning January 3.

All students participating must pass a medical examination. Thereafter, through the elimination process, 2 squads of 20 to 25 boys and 20 to 25 girls will be selected. The funds for the program are being furnished by the school. Only prerequisite necessary to join is a fundamental knowledge of swimming techniques and an interest in bettering these skills. Each student must provide his own swim suit.

No competition is planned the first year. According to Betty Ann Nielsen and Howard Stringer, coaches, stress will instead be laid on skills such as free style, breaststroke, backstroke, turns and simple diving. Possibly at the end of the season, a non-league meet, an intra-mural meet, or a water carnival will be scheduled.

In order to provide realistic ex-

perience as clerks, members of the Office Practice Class, of the High School, take turns acting as assistant secretaries in the school office. Instructor in charge of the class is Miss Pearl Ronkin.

So far, the following students have had a chance to help for one-week periods: Nancy Bixler, Barbara Smith, Marjorie Ann Scheese, Joan Kimble, Margaret Bowman, and Mary Danko. Others who will serve at later dates include: Carolyn Leonard, Phlomena Pinelli, Frances McIntyre, Margaret Arch, Lorraine Bradley, Kay Balser, Margaret Francis, Vesta Corner, Joan Smith, Janet Tomlinson, Marie Vaughn, Elaine Stixus, Mary Ann Bahelka, Kay Anastasi, Patsy Davis.

Janet Dansbury, Pat McIntyre, Dolores McGee, Gerry Carver, and Elaine Kelly, Betty Settelin, and Mary Lou Rock, June O'Brien, Joanne Miller, Jeanne Morgall, Esther Nicholson.

All are released from regular classes to serve, though work missed must be made up.

Mrs. Marian Hughes, private secretary to Medill Bair, superintendent of the Pennsbury Schools, and senior supervisor of the girls says in regard to the program: "The girls have been most helpful in routine matters and are gaining invaluable experience in office procedure as well as in the field of human relations."

Warren Bletsch, prominent Yardley citizen, and father of a senior student, will address the class of '52 at the High School, Wednesday

morning, December 12 on the topic: "Occupations in Purchasing."

This program is the fourth in a series of guidance programs being sponsored by the guidance director Mary I. Dwyer and the twelfth grade faculty members. Purpose of the programs is to acquaint the students with various occupations, the qualifications necessary for success in these, the salaries to be expected, and the future opportunities in each field.

Speakers so far have included Rev. W. Pollock, minister of the Morrisville Presbyterian Church, Joseph DeVido, construction engineer who is in charge of the school building program; and Frank LaPorta, who is in charge of the apprenticeship program allied with the Federal Department of Labor.

Issued by The Pennsylvania Game Commission

"Buck" Deer Season Opens in Pennsylvania
The 1951 "buck" season opens at 9:00 a. m., Monday, December 3. The male deer with two or more points to one antler become legal game. The last day of the season is Thursday, December 13. After the "opener," the deer hunting day is 7 a. m. to 5 p. m. to the season's close.
In almost every part of the state, deer are reported to be numerous as in any recent year. Weather permitting, there should be a good harvest of bucks this year. It is anticipated, however, that busy industry and the armed services will thin the ranks of deer hunters somewhat.
While there is no camp limit on buck and doe deer taken during the 1951 season, any individual or camp hunter may take only one deer this year. When 5 or more persons hunt together or in any way cooperate in hunting deer the usual big game roster is still required.
All automatic or semi-automatic (auto-loading) firearms of any character are strictly prohibited in the taking of deer in Pennsylvania. Pump shot guns, and the double and single barrelled varieties, firing pumpkin balls or rifled slugs, are allowed. The pump gun may be loaded to capacity in deer hunting.
Archers who possess a 1951 "regular" hunting license may hunt deer without an archery license. Bow and arrow hunters who bought a Special Archery License and Archery Preserve Permit for the October 15-27 deer season may hunt bucks in the special archery preserves located in Forest and Sullivan Counties in the December 3-13 antlerless deer season. However, archers must own an antlerless deer license for the specific county to be hunted in, to hunt "does" during the December 14-15 antlerless season, whether on one of these preserves or in any county in Pennsylvania.
A Legislative Act passed this summer reads: "Any individual may possess, transport, carry or convey an unmarked part of a big game carcass that has been cut up, but such person shall, upon request of any law enforcement officer, furnish the name and address of the person killing the big game animal and any other information required to properly establish legal possession in such person."
Though there are three separate seasons for taking deer in Pennsylvania in 1951, a hunter may kill but one deer this year.
Reports of big game kills must be mailed to the Game Commission at Harrisburg within 5 days after the close of the season in which such animal was killed.
Deer must be tagged immediately after the entrails have been removed, but in any event within one hour after killing, and before the carcass is transported in any manner from where it was killed.
Should a hunter kill the "wrong kind" of deer in mistake, he should deliver the carcass to the nearest game protector within 24 hours, make a report and pay only 25% of the usual penalty. Hunting licenses are not revoked for this sporting act.
The only way it is lawful to hunt or to kill deer in this state is through the use of a gun shooting one all-load, lead alloy, soft-nosed, or expanding bullet or ball at a single discharge or through the use of a bow and arrow. It is unlawful to use .22 or .25 caliber rim-fire cartridges for the taking of big game. Guns used for big game may be loaded to full capacity. Telescope sights are permitted. Silencers are prohibited.
Deer hunters are reminded to wear clothing of color or design that contrasts sharply with the hunting background. The kind that causes them to resemble the animal hunted is certainly not recommended for safety reasons. And, again, the old reminder: Make SURE before you shoot. Look twice to be certain it's a legal deer you're looking at, not a man. And remember, the gun used to kill a deer is a lethal weapon, therefore it should be treated with great respect and caution at all times.

Deer Venner Traffic on Northern County Roads
Game Protector Norman L. Erickson, Emporium, makes this statement on unusual deer activities in his district in October. Other game officers have been similarly occupied.
Says Erickson: "There are so many deer being killed on the highways in Cameron County these days that they have become a public nuisance and a menace to travel. This month I have picked up 54 deer killed in my district by cars and trucks. On the morning of October 22 I picked up 9 deer killed in the borough of Driftwood by trains the night before. It has gotten to the point that I am half afraid to answer the phone for fear that someone is calling to report that there has been a fatal highway accident caused by a deer.
"I traveled 604 miles in October, just picking up dead deer. If it were not for Deputy Joseph Zekoll, Sinnamahoning, who volunteered to pick up the deer in that section of the county, I would have traveled twice as far as I have the past thirty days."

Wild Turkeys Killed by Cartridge Cases
Two game protectors, Michael Evancho of Jersey Shore and Robert H. Sphar of near Philadelphia, reported the same unusual cause of turkey death in two separate instances last month.
"On October 2, one of Officer Evancho's deputies found a sick wild turkey near Waterville Dam, in Lycoming County. The deputy took the bird to his home, where it died the following day.
"Examination at the State College laboratory revealed that the cause of death was a 20-06 cartridge case, probably left there by a deer hunter of the previous season. The cartridge case was lodged in the turkey's gizzard, making it impossible for food to pass through and eventually causing the bird to starve to death."
"On October 14, Sphar caught a turkey acting emaciated wild turkey on one of his game lands in Centre County. He took the bird home and tried to feed it, but it died that evening. Sphar dissected the turkey and found why it died in poor flesh. The craw was full of natural food, but there was no food in the bird's digestive tract. The gizzard was enlarged. The officer found that the bird had starved when food was plentiful because a 30-06 cartridge case had become lodged partly in the gizzard and partly in the intestine."

Sleepless Nights Blamed on Deer
Game Protector Howard F. Hoffman, Punxsutawney, Jefferson County, says: "Recently I received a most unusual wild game complaint. A man in a very bad humor phoned to learn whether or not I would, from now on, take care of those blankety-blank deer which caused his dogs to bark, keeping him awake nights."
Plenty of Wild Turkeys and Rabbits
Says Game Protector Levi Whippo, who makes his headquarters near Williamsport: "In late October, I saw more turkeys in flocks than I thought there were in all of Lycoming County. In one flock there were over 40 birds; in another and larger one I could not count them. The latter was the largest flock of wild turkeys I ever saw. Food plots on game lands have been a big help to these birds, and hunters will undoubtedly kill a lot of turkeys this fall as they come in to feed."
"On the night of October 19, I checked three parties of 'coon hunters. Each had killed the limit of 'coons without the aid of a dog."

Kissel Motors, Quakertown, Pa. Kissel Motors, estimated \$38 in cigarettes and currency.
For Quakertown Auto Parts, Elmer Harvey estimated \$800 worth of equipment, including a \$250 tool chest.
Kissel Motors, Carl Kissel, estimated \$20 in oil, flashlights and parts.
Roy Napier, \$5 in cigarettes and currency.
Robert Landis, \$20 in tools. Floyd was once employed by Landis as a farm hand.
Chester Long, \$5 and currency, which was stolen by Floyd himself. Meryl told President Judge Keller that he went AWOL from the Navy and was in the brig twice, once for two years and another time for one year, that he "wanted to fight and not sit around." Under cross-examination by Judge Keller, he admitted that he was dishonorably discharged.
Floyd, who appeared before Judge Calvin S. Boyer in connection with stealing from his grandparents, had been placed on probation and later sent to Glenn Mills and Pennsylvania Industrial School because of juvenile thefts.
Cpl. Kenneth E. Stumpf, of the Quakertown State Police, who investigated the robberies, testified that a pay envelope bearing the name of one of the brothers, which was dropped on the floor during a robbery of a service station, near Coopersburg, tipped the police off as a clue.
Judge Keller sentenced Floyd to serve not less than five years on five consecutive bills and Meryl not less than three on three consecutive bills.
When they finish one year for one offense, they will begin another year for the next offense rather than serve several years concurrently on several charges.
Both brothers, who were employed, said they stole because they needed more money.

communities across the nation will be declared critical areas as compared with the 104 already designated for removal of home buying credit controls and other federal aid.
After the government completes the designation job, officials say they then will begin re-studying each area allotting larger amounts of housing to fill community needs. This practice has begun on a small scale.
For the present, officials do not contemplate awarding defense housing first call on materials over other builders but this action may be taken by the National Production Authority next year.
HIFA experts are determined to make their program work and shortages of plumbing products and other building materials will not be permitted to stand in the way of a defense project.
The government expects builders to start 410,300 new homes during the first six months of 1952 with at least 100,000 units built for the defense program.
During the first three months,

Daisy-Chrysanthemums Feature A Wedding

ing gloves, and a corsage of white daisy chrysanthemums.
A reception for the immediate families is arranged to be held at Landwehr's, Scudders Falls, N. J. upon their return from a trip to Williamsburg, Va. Mr. and Mrs. Mitchell will make their home in a new house on Pine Grove road, Lower Makefield township. Traveling costume of the bride will consist of a red and black suit and matching hat, black coat, black fiddle bag, black suede slippers. She will wear a corsage of white mums.
The bride, a Bristol high school graduate, has been employed in the office of the Pennsylvania Railroad, Philadelphia. Her husband is employed by a Trenton, N. J. firm as a mechanic. To his attendants he gave wallets, while the bride's gifts to the matron of honor and bridesmaids were articles of jewelry.
Getting a new telephone is going to be a real problem for home owners next year.
The phone shortage is becoming more intensive and National Production Authority controls curbing the use of copper and other materials are going to drastically reduce phone output in coming months.
NPA reports one company has a waiting list of 500,000 persons for new service and 1,500,000 for improved service. In the first three months of 1952, the agency says this firm will be able to satisfy only 150,000 persons now without phones.
In outlying districts where many new defense plants and military installations are located, NPA says phone supplies will be most critically short of meeting business and individual demand.
Sometime early next January, a builder will start the six millionth home built since the end of World War II.
The National Association of Home Builders say house number six million could easily be located in a critical defense area and probably would cost under \$10,000.
About the time the house is started, NAHB will hold its annual convention in Chicago to figure out ways and means of building as many homes next year as is possible under defense mobilization.
The sessions start Jan. 29 with top government officials such as Production Director Manly Fleischmann heading the list of speakers before the more than 16,000 industry men attending the convention.

Furniture from the Gould living room was carried to the porch and to the rear of the house. Considerable damage was caused to the room where the Knauss baby had been sleeping as holes were torn in the plaster in order to fight the stubborn blaze. Some furniture and rugs were also carried from the second floor apartments to safety.
The Goulds remained in their home, and the Knauss and Locke families later sought refuge with relatives in town.
When first informed of the fire, Mr. Gould rushed to the basement to check the main heater and domestic water heater, both fired by oil. These were operating at the time, but when checked later were found not to be at fault.
Police detoured traffic from the 700 block on Radcliffe street as sight-seekers rushed to that area.
Chief Hagerman, who claims the fire originated in the basement, and evidently spread up through air chambers, says rafters in the basement were also harmed.
Attendance pins were awarded to "Betty" Clark, Rose Coulter, Kathleen Lukens, Lorraine Muller, Gail Polk, Lee Polk, Mary Tier, Theresa Heisler and Joan Edwards. Joan had perfect attendance.
Mrs. Potterton, Mrs. Tomlinson, Mrs. Eisenhardt, Mrs. Roland Macauley, Mrs. Frank Weissinger, committee members, were awarded registration cards. The leaders awarded cards to the troop.
Guests were Mrs. George Lukens, Mrs. Polk, Mrs. Garrett, Mrs. Fred Kohler, Mrs. Augustus Bosch, Mrs. Thomas Roberts, Mrs. Raymond Clark, Lionel Muller.
A large birthday cake with a candle for every girl in the troop and every leader and committee member was a feature.
